

## Wonders of Morgan Hill

As part of our social studies curriculum, we study the community of Morgan Hill - then and now. Each third grade student will do a report on one of the "Wonders of Morgan Hill." The "Wonders" are interesting places, activities, important things or people around our town. The project will include a written report and poster to be presented as an oral report. Please help your child select his or her top three choices to study. Number the first, second, and third choice. This form should be returned as soon as possible. I will assign the favorite topic on a first come, first served basis.

The Third Grade Teachers

Please number your choices with numbers 1, 2, and 3.
